104 SCHOOL DISTRICT MISSION STATEMENT

I. PURPOSE

The purpose of this policy is to establish a clear statement of the purpose for which the school district exists.

II. GENERAL STATEMENT OF POLICY

The school board believes that a mission statement should be adopted. The mission statement should be based on the beliefs and values of the community, should direct any change effort and should be the basis on which decisions are made. The school board, on behalf of and with extensive participation by the community, should develop a consensus among its members regarding the nature of the enterprise the school board governs, the purposes it serves, the constituencies it should consider, including student representation, and the results it intends to produce.

III. MISSION STATEMENT

In the ACGC Public Schools we believe:

- School promotes a supportive and educational environment where every person has dignity and worth.
- School will provide experiences which allow the student to realize his/her fullest potential.
- Learning is a life-long skill.
- Students, staff, parents and community members working together are our most important strength in making our school district successful.
- Every student should be prepared to be a productive citizen in a global society because our children are our future.

IV. REVIEW

The school board will review the school district's mission every two years, especially when members of the board change. The school board will conduct a comprehensive review of the mission, including the beliefs and values of the community, every five to seven years.
